KARL OLAV TYSSVANG

karl.tyssvang@linacre.ox.ac.uk • github.com/MolavyMakemake

SUMMARY

Student of mathematics with experience in computer graphics and electronics.

EDUCATION

M.Sc in Applied Mathematics Graduated June 2025
University of Oslo

Relevant coursework: Differential Geometry, Finite Element Methods

B.Sc in Applied Mathematics & Computer Science Graduated May 2024
University of Oslo

Relevant coursework: Fluid and Solid Mechanics, Partial Differential Equations, Analysis

TECHNICAL SKILLS

API & Tools: OpenGL
Programming: C++, Python

EXPERIENCE

Portal Space, Blindern, Oslo: Electronics Jan 2023 – Oct 2025

- Lead development of ignition system which was successfully deployed in September 2023.
- Developed a desktop application for mission control in C++.
- Wrote the software for the Rocket Control Unit (the motherboard), the Engine Control Unit, and the Main Valve Controller, which have all been successfully deployed in cryogenic tests.
